

## **Willdan Selected for \$46 Million Energy Savings Contract for Nation's 5th Largest School District**

February 29, 2024

ANAHEIM, Calif.--(BUSINESS WIRE)--Feb. 29, 2024-- Willdan Group, Inc. (NASDAQ: WLDN) announced today that Clark County School District – the fifth largest school district in the United States – has selected Willdan to design, implement, and maintain advanced lighting and controls upgrades. This \$46 million energy savings contract focuses on energy efficiency projects and is expected to transform Nevada's learning environment over the next 10 years.

Combined, these projects are expected to reduce the District's energy costs by over \$2 million and operational costs by more than \$360,000 annually. Willdan will also lead ongoing student, faculty, and community engagement to promote awareness around energy efficiency, utility conservation, decarbonization, and the benefits of these approaches.

"These projects will benefit the local economy and some of the youngest Clark County residents," said Mike Bieber, Willdan's CEO. "We've prequalified local expertise to support the District's scope. We're excited to use these projects to showcase STEM in action and to help the community experience the benefits of energy-efficient technologies first-hand."

### **About Clark County School District**

The Clark County School District (CCSD) educates 300,000 southern Nevada children. As the fifth largest district in the United States, the Clark County School District includes a variety of urban and rural settings in the most populous region of Nevada. With nationally recognized Magnet Schools and Career & Technical Academies, an online secondary school, and several International Baccalaureate programs for K-12 students, CCSD offers many exciting choices for families and, as the largest employer in Nevada, many career opportunities for its employees and community.

### **About Willdan**

Willdan is a nationwide provider of professional, technical, and consulting services to utilities, government agencies, and private industry. Willdan's service offerings span a broad set of complementary disciplines that include electric grid solutions, energy efficiency and sustainability, energy policy planning and advisory, engineering and planning, and municipal financial consulting.
